# Why SHIELD?

Looking to protect your body? Shield is an Alkaline Formula with Coral Calcium that will help balance the PH levels in your body. More people today are trying to make their bodies Alkaline and find it difficult adjusting to a restricted diet or changing their lifestyle.

Shield is the only Alkaline spray in the world that will promote high PH therapy helping to make your body Alkaline.

# Why An ALKALINE LIFESTYLE?

Our bodies can either be acidic or alkaline depending on what we eat. When our bodies are acidic, we have a greater chance of getting sick or developing diseases. Some examples of acidic foods are nuts, seeds, sodas, beer, sweeteners, salt, and condiments. Over acidity increases your chance of cancer, liver problems, and heart disease.

When our bodies are alkaline, we maintain a healthy lifestyle and decrease our chances of getting sick or developing life-threatening diseases. Some examples of alkaline foods are beets, broccoli, cauliflower, apples, bananas, almonds, tofu, cinnamon, mustard, and ginger. By maintaining an alkaline body, the body is optimized so that the organs are functioning properly.

# SHIELD INGREDIENTS

## Coral Calcium

The main ingredient in Shield that helps alkalize the body faster is Coral Calcium. Coral calcium is an antioxidant mined from the coral beds along the coastline. All life is based on carbon, but it is calcium that sustains our life and holds our health. Expert health practitioners and nutritionists promote Coral Calcium as an effective way to alkalize your body

Calcium and Minerals are needed for every vital function of your body including pumping your heart, cell division, and DNA replication.

## Aloe Vera

Experts call Aloe Vera the miracle of the century. Aloe Vera is a succulent plant and part of the lily family, the same family that garlic and onions are a part of. With over 200 components including vitamins, minerals, amino acids, enzymes, polysaccharide, and fatty acids, Aloe Vera has been used for its healing powers for over 5,000 years. Aloe Vera studies have shown healing benefits for the immune system, anti-tumor activity, skin penetration, wounds, and cancerous activities. This is a powerful ingredient that you should put into your body daily!

## Balance Your pH Levels
